

150 Dead; Trapped In Butte Mine

200 OTHERS ARE HELD PRISONERS BY RAGING FIRE

Dense Smoke Batching From Shaft Make Rescue Work Extremely Difficult

TWO MEN SUCK AIR TUBES AND ARE SAVED

Flames Started Early Today in 2,400 Foot Level—Twelve Bodies Found

Butte, Mont., June 9.—One hundred and fifty men are reported dead and no hope is held out for the recovery of 200 others caught underground by a fire in the Speculator Mine near here early today. Out of 425 men in the mine at the time the fire broke out, more than two-thirds are unaccounted for. Twelve bodies have been recovered.

With 55 dead and 167 men missing, as the result of a fire which broke out in the Speculator mine last night, Butte today faced the worst mining disaster in its history. Officials said if the 167 missing miners are not found to have made their way to the high ore mine workings they are doomed.

Cuts Off Escape.
The fire, which started on the 2,400 foot level, spread quickly, cutting off the escape of men on lower levels. Dense smoke retarded rescue work. Miners from adjoining properties ordered up from underground as a precaution went to work as rescuing gangs, aiding national guards who had been called to the scene. They were able to cut off little.

Form Rescue Parties.
Warning of their danger came soon enough to permit men on the upper levels to escape. They immediately formed rescue parties and attempted to go down the shaft to the men entombed below. Their efforts were fruitless, and little could be done until the arrival of the Bureau of Mines safety first car which carried gas and smoke proof helmets from Red Lodge and Colorado Springs. One hour after the outbreak of the fire mine officials declared they could account for 213 out of 415 men who were in the shaft when the fire started.

Cheated Death.
John C. Coffey and John Boyce, who were the first two men taken from the shaft alive, told how they cheated death by cutting the air hose and sucking the air by turns until the rescue party arrived. They were on the 700 foot level at the outbreak of the fire.

According to miners who escaped, the fire started from the flames from a carbide lamp.

Two men who were working on the 700 foot level reported that 45 men had perished where they started. They alone were saved.

200 Experts at Work
All ambulances in Butte, and all physicians in the city, were summoned to cooperate with the rescue party. Every safety first expert in the district also has been summoned, and it is estimated that within a few hours 220 safety first men trained to rescue work, will be at the shaft. Rescuers equipped with safety helmets, who tried to enter the Speculator shaft, were driven back by the flames.

HOLD MILL CITY PHYSICIAN FOR CLIENT'S MURDER

Minneapolis, June 9.—Dr. M. A. Hatch is being held by the police today pending an investigation of the death in his office last night of Miss Esther Peterson, twenty-three years old, whose body was found in his office, the head wrapped in a sheet, and saturated with chloroform. According to the police, there was evidence of a struggle, and body bruises about the arms and shoulders.

Sometime ago Dr. Hatch was convicted of manslaughter in connection with the death of a woman patient, and his appeal to the Supreme Court is now pending.

Marks which were found on the girl's arms and chest, the coroner said, indicated that the girl might have struggled with some assailant before her death.

At a recent trial in which Dr. Hatch was found guilty of manslaughter in connection with an illegal operation, Miss Peterson was the principal witness for the defense. Dr. Hatch appealed to the state supreme court and the case is now pending. When arrested tonight, Dr. Hatch reiterated his statement that the girl had committed suicide and that his arrest was a continuance of the prosecution started in the recent trial.

Miss Peterson's friends say she had been despondent for some time.

Dr. Hatch was released today on a writ of habeas corpus which was not defended by the county attorney, when Coroner Seashore said an autopsy indicated the girl had ended her own life.

Birth Rate Decline in Germany Causes Unrest Over Future of Empire

BY J. W. T. MASON

New York, June 9.—If the great war lasts two and one-half years longer, babies will disappear almost completely in Germany, unless the government devise measures to check the proportionate fall in birth rates during the first two years of war.

Germany is facing the greatest catastrophe that ever threatened a modern nation. An alarming decline of childhood is hovering over the land at home, while the obliteration of Germany's youth and manhood is occurring on the battlefields.

Not a Fantastic Dream
Decay of the German race, because of insufficient replenishment from sources inside the country, is not a fantastic dream of Germany's enemies, but is a disquieting possibility of the future, which German scientists have been ordered by the government to investigate.

During 1915, German births fell by 20 per cent below the record for 1914, the year the war began, and according to figures which have just succeeded in passing the German censor, the decline in 1916 was about 40 per cent under the 1914 figures. The same steady fall in births, at the rate of 20 per cent additional yearly, would make the decline 100 per cent at the end of 1919, with the practical disappearance of babies from Germany.

It is not certain, as a matter of absolute fact, whether this blight upon future German humanity would be wholly complete, for German statistics refer not to small country villages, but to cities of 15,000 or over.

Rate Falls Off
It is possible the birthrate has not fallen so extensively in the agricultural districts; but if not, this is due to a large excess of illegitimate births. Russian prisoners of war are being extensively used to supply the war's deficit of agricultural laborers in Germany, and these are understood to have usurped the places of husbands of German peasant women, who in many cases actually assisted in the capture of the Russians.

The German governing class realizes there is no future for Germany if it has to depend for its coming man power upon such unions as these. Ways must be devised to keep the cities well supplied with lucky youngsters if Germany is to play even a secondary part in the world.

Germany has lost 1,200,000 in dead since the beginning of the war, and 500,000 in man so badly injured as to be useless for serious work when the war ends. About 800,000 German youths reach military age yearly.

Decline by 20 per cent of German births in 1915, means that 20 years thereafter there will be only 640,000 German of military age; and decline of 40 per cent of births in 1916, means that in 1936 no more than 430,000 Germans will be ready for the army.

To the 1,700,000 Germans killed or permanently injured since the beginning of the war, must be added 480,000 potential soldiers, who disappeared from the future army rolls in 1915 and 1916 through NOT HAVING BEEN BORN. Militarism cannot exist without manpower; and there can be no adequate manpower for Germany with births declining in anything like the present proportion.

The birth decline, in fact, is the third great movement working to overthrow the Prussian militarist rulers—the two others being the growth of democracy within Germany, and pressure of the allied armies outside.

German sociologists and government professors are holding conferences throughout the empire, trying to devise ways for restoring a normal number of births—but, to the present, without success.

The government is ready to offer financial rewards to parents of large families, but German scientists are not convinced this is the way to meet the problem.

To encourage large families among the few who are willing to undertake the necessary sacrifice and responsibility is far less important than to persuade the great middle class families of Germany to do their share toward keeping Germany populated by contributing two or three children each.

The Germans are not willing to do this under present conditions of living. Since the Franco-Prussian war, there has been a fall, decade by decade, in the German birthrate. The increase in German population, which has been due during that period, to reduction in the death rate, which the government has accomplished by hygienic improvements and better living conditions. But the present fall in the birth rate is accompanied by the greatest increase in the death rate, due to the war, that the world has ever known.

When the soldiers return home from the trenches, there will be an improvement in the birth rate, but the call now is for EVER MORE MEN FOR THE FRONT. Every German who is now killed means his elimination from the total of future German fathers—and fathers are Germany's most pressing demand of the future.

THE ONLY REAL SOLUTION FOR GERMANY IS TO END THE WAR SO THE FATHERS OF THE FUTURE CAN RETURN HOME

If the war goes much longer, piling up ever increasing future poverty for Germany, there can be no satisfactory solution even after peace is declared. For, not only will an increasing number of potential fathers have been killed, but those who survive will be reluctant to assume parental care with taxes so high and living conditions so unsatisfactory.

If the birthrate scientists report truthfully to the Kaiser, they will say quick peace gives Germany her only chance of meeting this new enemy at home.

ADVOCATES WAR TAX UPON LAND NOT CULTIVATED

Gilson Gardner Points Out That There Are 350,000,000 Idle Acres

SEES IN THIS CONDITION CAUSE FOR FOOD PRICES

BY GILSON GARDNER.

Washington, D. C., June 9.—There are approximately 350,000,000 acres of idle land in United States farms, according to latest census figures, those taken in 1910.

Less than three-fifths of the land in farms is improved. In 1910 a little over half the land in farms in the United States was improved—478,451,750 acres out of a total of 878,798,335 acres.

This is how private ownership of land for speculative purposes results in land being held out of use.

Helps Boost Prices
It is one cause of present high prices of foodstuffs and the difficulty of raising enough food to meet the needs of the nations warring to put down German autocracy.

How to get this land into use is one of the government's war problems. There is no use plowing up lawns and tennis courts when half the best farm lands are untilled.

Why not tax them into use? This thought occurred to some members of congress looking for ways to raise war revenue.

The speculative value of unused land is a fine untapped source of revenue, and the effect of such taxes, unlike taxes on industry and improvements, would be to stimulate production rather than discourage it.

Help Food Situation
More food would be raised, the farmer would get better prices, because the speculator would get less in rent and holding price, and the consumer would get food cheaper.

All this has been urged on the senate finance committee which is mulling over the revenue act. A committee has been formed to help work out the food and land problem with Charles H. Ingersoll (of watch fame) at its head, and containing such men as Frederic C. Howe, immigration commissioner; John J. Hopper of New York; Stiles P. Jones, Minneapolis; Lucius F. C. Garvin, ex-governor, Rhode Island; J. J. Pastoriza, Texas; C. B. Kegley, Washington state.

Large Revenue
It is urged that a tax of this character would produce large revenue and cheaper necessities, and tend to check the tendency of farm lands to drift into monopoly. Nineteen per cent of the farm land in the United States, about 170,000,000 acres, was in 1910 in tracts of a thousand acres or over and 9 1-2 per cent was in tracts of 500 to 999 acres, about 35,000,000 acres, a total of approximately 255,000,000 acres.

The United States commission on industrial relations reported "More than four-fifths of the area of the large holdings is being kept out of actual use by their 30,000 owners, while 2,250,000 farmers are struggling for a bare existence on farms of less than 50 acres."

All of which results in high rents as well as high priced land. In 1916 the department of agriculture reported the average value per acre of farm lands exclusive of improvements was in north Atlantic states, \$36.71; in south Atlantic, \$23.73; in north central, east of the Mississippi, \$74.95; north central, west of the Mississippi, \$59.68; south central, \$24.09, and for western, \$58.40, for the United States as a whole, \$45.55.

By the same authority is estimated the average value of a farm, with its land and building alone, is \$7,121.

Public Lands
It is true there are nearly 280,000,000 acres of free public land, but

LEAGUE PLOT AGAINST LOAN ASSERTS WOLD

President Ninth District Reserve Bank Says He Has Evidence Against Nonpartisans

TOWNLEY HAS OPPOSED BOND IN HIS TALKS

President of Socialistic Organization Thinks Millionaires Show Way for War

Minneapolis, Minn., June 9.—Governor Theodore Tilton of the Minneapolis Federal Reserve bank announced today that he has evidence to show that the Nonpartisan league is working to defeat the sale of the Liberty Loan Bonds in the campaign in the northwest. Mr. Tilton has been advised of the situation, and a thorough investigation is being made. As quickly as possible, facts can be established they will be forwarded.

HAS OPPOSED LOAN.
That Townley has ridiculed and opposed the Liberty Loan, both in public speeches and in general statements, has been apparent in reports of all the meetings which he has addressed during the present campaign, beginning at Devils Lake on registration day.

While apparently Governor Frazier has been in touch with the effort of leading citizens throughout the state to save North Dakota from the disgrace of failing to do its share, Townley has been making such statements at the following:

"The nation demands that you give yourself and your sons and your brothers and your husbands and your sweethearts to be taken across the seas and spill their life's blood on the fields of Europe, and then comes to you and asks you to subscribe for the Liberty Bonds to pay the expenses of the war. This is the injustice of the war and the manner in which officials of the administration are carrying it into effect."

This statement was made at Devils Lake on registration day, a day marked in every other city in the state by loyal demonstrations and patriotic parades.

At Minot Townley is reported to have said of the Liberty Loan.

"This is wrong, all wrong. I say to you that measure is anything but patriotic, because it takes the heart out of those boys going across the water to fight battles, knowing that when they get back they must pay for it. When they get back? Some cost for the boys that go across to fight!"

Again he said: "When this war is over, this government will give back to the mother what is left of her son, to the father what is left of his boy, back to the sister what is left of the brother, and back to the sweetheart what is left of the lover. The nation then gives back to us as much as is left. So it should be with the wealth, give back what is left."

Townley urged that instead of buying Liberty Bonds the people of North Dakota stand firm in insisting that the government take from the "multi-millionaires" the 25 billion dollars which he says will cover the cost of the war, leaving the multi-millionaires just enough to live on.

Must Wake Up.
Unless the Northwest farmers who are "apathetic" wake up and do their share in the next week, the Liberty loan will be a failure, Mr. Wold said.

In a statement following a meeting of the bank's officials with various Minnesota bankers and members of the Central Liberty Loan committee, John H. Rich, chairman of the central loan committee, today said that the farmers, who are more prosperous than ever before, are failing in their support.

When the meeting broke up, 500 telegrams and 2,500 letters were sent to all sections, directing attention to unsatisfactory returns in an effort to arouse the farmers. Special notices were also sent to 3,500 banks in the district.

The Nonpartisan league is strong in North Dakota, operates extensively in Minnesota and maintains national headquarters in St. Paul.

The statement calls attention to the success of the loan in Minneapolis, St. Paul, Duluth and Butte, and says the returns from the agricultural districts are disappointing.

Not Responding.
The farmers, who are receiving the highest price in history for wheat, hogs and other crops, are not responding to the call of their government and are displaying apathy and indifference," the statement says.

The joint statement then presents the qualifying statement that the difficulty in operating in a large district where farmers are not used to buying bonds, is understood. It recognizes the necessity and difficulty of personal approach in the thinly settled districts, but points to the satisfactory reports from similar districts.

FALSE REPORTS ARE EXPOSED BY NAVY OFFICIALS

Secretary Daniels Uncovers Plan to Alarm American People by Spreading Rumors

AMERICAN SHIPS HAVE MET WITH NO DISASTER

Hospitals Are Not Filled With Wounded—Other Falsehoods Cited

Washington, June 9.—Persistent and widely circulated false reports of naval battles and disasters to American and Entente forces have reached the point where Secretary Daniels has concluded they are the result of an organized conspiracy to distress the American people. The secretary issued the following statement:

Poisoned by Rumors.
"The country is being poisoned by rumors of battle and disaster, which are without the slightest foundation in truth. Reports from the commandants in naval districts, telegrams and letters from individuals have forced me to the conclusion there is a conspiracy on foot to alarm the people of the United States. Among the most persistent of these reports is one that a naval engagement has taken place between the German fleet and the combined American and Allied fleet and that 60 of the latter's ships were sunk, two of them being the Pennsylvania and the Texas."

"In elaboration of this falsehood, there is the alleged rumor that the hospitals at the Atlantic coast naval yards are filled with crippled sailors and marines, and that the various hospitals of New York are equally crowded."

Outrageous Falsities.
"By way of circumstantiality it is rumored that a passenger arriving on a Holland-American liner stated that his vessel passed through the battle area after the engagement, and that the sea was thick with floating bodies."

"All these outrageous falsities are accompanied by the statement that the Washington authorities are in a conspiracy with the press to keep the truth from the people."

"The American fleet has not been in action. No ship has been lost. There are no wounded sailors or marines in any hospital. The declared policy of the navy department is one of absolute openness. If disaster comes no effort will be made to minimize it. The people of the United States are asked to trust in this and to aid in stamping out this campaign of rumor that is so plainly the result of disloyalty."

COMMUNICATION WITH SALVADOR STILL CUT OFF

Corinto, Nicaragua, June 9.—Telegraphic communication with Salvador is still cut off and no authentic information is available here as to the loss of life and property caused by the earthquake and storm Thursday. Such advice as has reached Corinto indicate that great property loss was occasioned. It is hinted that Santa Cecilia has been destroyed and the surrounding countryside for 30 miles devastated. The city of San Salvador has been damaged badly, according to a current report.

The earthquake occurred at 9 o'clock Thursday night. It was accompanied by a high wind and a heavy rain.

MEN IN KAISER'S PARTY KILLED

London, June 9.—Emperor William was with Field Marshal von Hindenburg, Prince Eitel Frederick and other members of the German emperor's staff when the St. Peter's station at Ghent, Belgium when it was bombed by Entente allied airmen, the other day, according to a dispatch to the Exchange Telegraph correspondent today.

The emperor's party was unhurt, but three army officers were killed.

Jamestown Baby 99 Per Cent Fine, Judges' Verdict

Jamestown, N. D., June 9.—Baby Jane Lydon, seven and one-half months-old daughter of Mr. and Mrs. James Lydon was adjudged winner in the Baby Week contest brought to a successful close here yesterday. Baby Lydon scored 99 points in the contest. A parade featured the closing of the contest yesterday afternoon.

Body of Keet Baby Found In Farm Well

The Victim Kidnaped Was Son of Wealthy Missouri Banker

MYSTERY SURROUNDING CASE TO CLEAR SOON

Springfield, Mo., June 9.—The body of Lloyd Keet, fourteen-months-old son of J. Holland Keet, wealthy banker, was found in a well on the Crenshaw farm near here today, according to reliable reports.

The mystery surrounding Baby Lloyd Keet, who disappeared a week ago tonight, may be nearing solution, authorities and friends of the family believe. At the same time today has brought forth startling disclosures about an alleged plot for kidnapping of several wealthy persons in this vicinity, with a German munitions plot as a side feature.

Six persons were being held in custody tonight—one here, another at Ozark, Mo., and the four others, including a woman, at some place to which they were taken when their jailers here became frightened at the possibility of mob violence.

The body was wrapped in a woman's undershirt, according to the report, and apparently had been in the well several days.

A deserted house on the farm was said to have been headquarters for the band, which planned to kidnap C. A. Clement, a St. Louis munitions maker.

The Keet baby was stolen from the family home the night of May 30. His parents had gone to a dance and the baby was left with a nurse.

CECESSIONISTS AT KRONSTADT ARE QUIETED

Inspection of Military Prisons Show Deplorable Conditions

HERO OF THREE WARS HELD IN CONFINEMENT

Kronstadt, June 9.—The last act of the executive body of the Kronstadt, cessionists before surrendering to the Petrograd government was to permit the Associated Press correspondent to inspect the prison, in which are confined the army and navy officers suspected of actively sympathizing with the autocracy.

With the horrors of the prisons partly real and partly imagined, Russia has been wrought up for the last 10 days. Heretofore no inspection has been allowed.

Mixed with Soldiers.
In the naval preliminary prison, the officers confined are in four separate halls mixed with private soldiers, and in the third of these halls with men convicted of murder and theft. In appearance they were dirty, pale and unshaven, but not emaciated.

The halls are increasingly overcrowded. There is an average of one foot of space between the beds. There are no chairs or other furniture, except small tables.

Solitary Confinement.
This section of the jail consists entirely of solitary confinement cells, six feet wide by nine feet deep. The cells are unventilated, windowless and dimly lighted, through a barred aperture in the door. In one of these cells is Admiral Kurosh, the hero of three wars. He is in bad health. In another is a captain of the first rank, Almqvist, who was lately released as innocent by the cessionists' executive of inquiry, but who was dragged back by a mob to jail.

The halls of the prison are overrun with rats, which annoy the captives at night.

The officers complained bitterly that although they had been in prison three months, no formal accusations had been preferred against them, and they were entirely ignorant of the cause of their imprisonment.

HEAVY RAINS STIMULATE STUTSMAN COUNTY WORK

Farmers Begin Today Late Planting in Vicinity of Jamestown

Jamestown, N. D., June 9.—A heavy rain last Wednesday and a light shower again yesterday have placed crops in Stutsman county in the best of condition, according to reports coming to Jamestown from all sections today. Several farmers have predicted record crops this year owing to the fact that wheat, oats, alfalfa and barley have all profited by the rains.

A majority of the farmers have been awaiting the first heavy rain—before planting their flax crop. This work was started today by some and will be completed by the end of next week.

FALL OF LENS NEXT MOVE OF ENTENTE ARMY

General Haig's Forces Purpose to Give No Rest to Hard Pressed Germans

FIELD OF ATTACK TWENTY MILES SOUTH

Arras Battle Has Made Serious Inroads on Major Defenses of Enemy

(Associated Press.)
General Haig's evident purpose to give no rest to the Germans before the British front in Belgium and northern France had a new exemplification last night. The troops struck at the German positions around Lens on a two-mile front, south of the Souchez river. The enemy lines were penetrated to a depth of more than half a mile, and successful operations were carried on further north as far as La Bassée.

The field of this attack lies from 15 to 20 miles south of that made Thursday by the British, which resulted in the capture of the commanding Wypchaste-Messines ridge, and the elimination of the last annoying salient on the entire line. Somewhat widely separated as are the two fields of attack, they bear relations with each other as constituting points at which the great manufacturing district of northern France, centering in Lille, may be subjected to alternating pressure.

Serious Inroads.
Already the Arras battle, of which this latest development is a continuation, has made serious inroads on the major defenses of this region. The fall of Lens, the great coal city, just before the British lines on this point, has long been considered only a matter of time. The movement reported today apparently means the time is near at hand and that another great blow is about to be struck, clearing the Germans from their much prized French possessions in this area.

Success of British.
The success of the British in the Lens operations may well have been due in part to the necessity of the Germans making heavy concentration against the British on the Belgian front. It was during the progress of a desperate counter attack on the ground won by the British forces in the Wypchaste-Messines sector, that General Haig made his attack in the more southerly area.

On the front held by the French there also was hard fighting during the night. The Germans attacked again at several points in the Aisne area. They failed to gain anything and suffered heavy losses in all their thrusts.

PERSHING IS RECEIVED BY KING GEORGE

London, June 9.—General Pershing was received this morning at Buckingham palace by King George. He was presented to the king by Lord Brooke, commander of the 12th Canadian infantry brigade.

General Pershing was accompanied to the palace by his personal staff of 12 officers. After the audience, the officer paid a formal call at the United States embassy.

MOORE CASE GOES TO JURY

St. Paul, Minn., June 8.—The state of Mike Moore, a bartender, and alleged go-between in the Alice McQuillan Dunn murder plot, probably will be in the hands of the district court jury today.

The state finished its case late yesterday. It is thought probable that Moore himself will be the only witness called for the defense.

At today's hearing Moore frequently interrupted the examination of witnesses by bursting into a frenzied tirade in which he shouted that he was Jesse James and "the divine One" he took over the cross examination of witnesses himself and conducted it for nearly an hour.

William Hickey, alleged victim, testified today that Moore attempted to hire him to slay Mrs. Dunn. Joe Redenbaugh testified today that Moore hired him to kill Mrs. Dunn.

At today's hearing Moore frequently interrupted the examination of witnesses by bursting into a frenzied tirade in which he shouted that he was Jesse James and "the divine One" he took over the cross examination of witnesses himself and conducted it for nearly an hour.

NEWS OF NORTH DAKOTA AND NORTHWEST

NORTH DAKOTA COMPANY MAY BUY PHONE PLANT

F. L. Shuman Negotiating for Purchase of Exchange at Parshall Town

Parshall, N. D., June 9.—The North Dakota Independent Telephone Company, through District Manager F. L. Shuman, of Bismarck, is negotiating the purchase of the local telephone exchange. Special toll line facilities are promised between Parshall and Stanley.

UNION DELEGATES

Baldwin Local Names Representatives to Still Meet

Baldwin, N. D., June 9.—The Baldwin local of the Farmers' Educational and Co-Operative union has named Mrs. I. J. Falkenstein, William Fricke, H. W. Rupp, Herman Kickul, Albin Erstrom, Ed Lewis and Joseph Varley delegates to the annual meeting to be held at Still next Friday and Saturday.

WORN OUT MOTHER TELLS OF BABY'S PIMPLY ECZEMA

Became Hard Crust Like Scale. Very Irritating and Itched. Kept Awake. Cuticura Healed.

"When my baby girl first became ill I noticed a tiny pimple on one of her cheeks. I paid no attention till it became worse, and I was told it was eczema. The pimples became red and finally spread over her face and became a hard crust like a scale. It was very irritating and itched a good deal, and she was distressed while she had it. She kept me awake nights and I got discouraged and worn out.

"When I read of Cuticura Soap and Ointment I sent for a sample. I purchased more, and in six weeks she was healed. (Signed) Mrs. Robert Cops, 160 W. Central Ave., St. Paul, Minn., August 28, 1916.

While Cuticura works wonders in most cases of skin troubles its properties are so mild and so delicately combined that it is also ideal for every-day use in the toilet, bath and nursery.

For Free Sample Each by Return Mail address post-card: "Cuticura, Dept. R, Boston." Sold everywhere.

Parshall Ready to "Make It Hot" for Violators of Law

Parshall, N. D., June 9.—Parshall, which was bewailing its lack of a lock-up a week ago now has a city prison, two very warm and uncomfortable cells having been rigged up at the city hall, where the marshal promises to make it "hot" for culprits.

MANDAN HIGH LOSES BIG STARS IN COMMENCEMENT

Leaders in Oratory and Athletics Completed Work With Yesterday's Exercises

Mandan, N. D., June 9.—Prof. P. S. Berg, superintendent of the Dickinson public schools, delivered the annual commencement address yesterday to the graduating class of the Mandan high school, which contains some of the most notable stars in oratory and athletics the school ever has produced. The captain and eight members of last year's winning football squad finished this term.

LOCAL DOCTOR STRUCK, CLAIMS LINTON FARMER

Drives All the Way to Bismarck to Procure Attention for Sick Baby

Linton, N. D., June 9.—Claiming that a local doctor would not attend his child when he received an emergency call because the father had been practicing Bismarck practitioners, Chris Bosch, with his year-old baby apparently choking to death, drove all the way to Bismarck to procure professional attention for the tot, which was suffering from a boil which had broken through the inside of its throat.

Buys Baby Bond For Each Child

Ryder, N. D., June 9.—Stevenson Olson is among the prominent purchasers of Liberty Bonds in Ryder. He has four children and he has presented each child with a \$50 bond.

GIRL DRIVING CAR RUNS DOWN BOY ON BICYCLE

Edgeley Will Enforce Ordinances Against Child Chauffeurs After Accident

Edgeley, N. D., June 9.—Samuel Dickson is in a hospital suffering from serious injuries, sustained when he, on a bicycle, and Miss Maxine Salsbury, driving a car, attempted to use at the same time the same side of the road. As a result of this accident, the village ordinances prohibiting the driving of cars by children will be more rigidly enforced.

RAMSEY COUNTY FARMERS WANT EXPERT AGRONOMY

Plan to Engage Professional to Teach Them How to Produce More Crops

Devils Lake, N. D., June 9.—Prominent Ramsey county farmers have called a mass meeting for the court house here June 18 for the purpose of forming a county farm bureau which will assess members \$5 per annum to provide a fund of not less than \$1,440 for the employment of a farm expert to be employed by the county and the federal department of agricultural extension jointly under the provisions of the Smith-Lever act.

MANDAN FORMS STRONG CHAPTER OF RED CROSS

W. A. Lanterman Heads New Organization—Quain Tells of Needs of Work

Mandan, N. D., June 9.—W. A. Lanterman is chairman, Mrs. W. H. Stutsman, vice chairman, Mrs. S. W. Furness, secretary, and R. S. Johnstone, treasurer, of a strong Red Cross chapter organized here through the cooperation of Dr. E. P. Quain, head of the Bismarck hospital unit, who attended the organization meeting and told of the immediate need of the Red Cross work for co-operation from every patriotic man and woman in America.

Would-Be-Hold-Up Finds He Tackled Wrong Lot of Boys

Bowman, N. D., June 9.—When Carl Holmberg appeared in the door of Dave Frosen's ranch house and covered the owner and his crew, who were at the supper table, he aroused a pack of all around athletes, who overpowered him and considerably mused him up before he had time to pull a trigger. After Holmberg regained consciousness he was taken to Rhame and delivered over to Sheriff Norem. Under the circumstances it is believed Holmberg is slightly demented. No sane man would undertake to hold up Frosen's gang with anything less formidable than a Big Bertha.

"Eggs Are Strong," Market Note From French War Front

Jamestown, N. D., June 9.—Ed. Ward, a former Jintown switchman on the Northern Pacific, now on the French battle front, writes to advise friends of the arrival of two eggs shipped him, together with other luxuries, months ago. "I know the answer now," writes Ward. "The hen came first. She couldn't possibly have been so long in coming as those eggs, nor as strong at the finish." Eggs are selling at \$1.10 on the front, says Ward and he was glad to get the hen fruit, even if it was qualified for admission to a home for the aged.

To the Wife of One Who Drinks

I have an important confidential message for you. It will come in a plain envelope. How to conquer the liquor habit in 3 days and make home happy. Wonderful, safe, lasting, reliable, inexpensive method. Woodgaranteed. Write to Edw. J. Woods, 1423N, Station E, New York, N. Y. Show this to others.

PATRIOTIC DUTY TO PREPARE FOR RESPONSIBILITY

Dr. E. F. Ladd Says College Will More Than Ever Make Effort to Enroll Students

Fargo, N. D., June 9.—"Will the Agricultural college open in the fall as usual?" replied President E. F. Ladd in response to a query. "Most certainly. The agricultural college will offer courses along the same lines as in the past, with an increased force of instructors. To aid the farmers as fully as possible, the fall term will not open until October 1, for the regular courses, and October 22 for the industrial courses. We intend to avoid if possible the mistake of Europe at the beginning of the world's war and not to permit our college to be stripped of students preparing for industrial lines of work. Every young man below the age of conscription and those not recommended for special service should, if possible, attend college. New responsibilities will rest upon them at the close of this war, and they should be in a position to render society, the state and the nation, the most efficient service. The future development of our country demands well trained men. We believe that students pursuing educational courses, especially agriculture, engineering, chemistry and veterinary, and in the industrial or vocational courses, will be much in demand and, by continuing their course of study, will be rendering service fully as valuable and efficient as if they were enrolled in military service at this time.

MINNEAPOLIS AGAIN TO BE TERMINAL FOR TRAINS TO PACIFIC

Railroad Committee Plans to Eliminate Through Service From Coast to Coast

Minneapolis, June 9.—All through passenger service from Chicago to the Pacific coast over the Milwaukee, Great Northern and Northern Pacific roads will be abandoned shortly, if a plan that is up today in Chicago, before the meeting of the western railroad men, on wartime curtailment is adopted. Minneapolis will again be the starting point and terminus for all western travel. It was said today by a railroad official who has been in Chicago that there is every likelihood the move will be the first made in the general program of cutting down.

Eight Chicago to the coast trains operate through Minneapolis daily. As they come up from Chicago, they are:

Great Northern Road—Arr Here
Oriental Limited 11:40 a. m.
Northern Pacific
North Coast Limited ... 11:20 a. m.
Milwaukee
Columbian 1:45 a. m.
Olympian 11:00 p. m.
As they come in from the west they are:
Great Northern—
Oriental Limited 7:35 a. m.
Northern Pacific—
North Coast Limited ... 7:40 a. m.
Milwaukee
Columbian 9:00 a. m.
Olympian 10:25 p. m.
The Milwaukee trains run over the rails of that system throughout. The Great Northern trains use the system main line and the Burlington between Minneapolis and Chicago. The Northern Pacific trains operate over the Chicago & Northwestern between here and Chicago.

Minor Normal Girls Qualify for Grenade Throwing in Trenches

Minot, N. D., June 9.—Minor normal girls who qualified for hand grenades in the athletic efficiency tests were: Ella Waldref, with a basketball throw of 60 feet; Berdella Torkelson, 57 feet 2 inches; and Stella Heskins, 55 feet. In the 50-yard dash, Elizabeth Glick and Lillian Nordquist finished in 6 1/4 seconds; Martha Platt and Christine Nelson in 7 sec. The best records in the potato race were 22 1/2 seconds, by Ella Waldref and Lucille Calkins; 23 3/5 seconds, by Martha Platt, Lillian Nordquist, Hazel Gibson, Florence Wilkes and Pearl Roell.

BUYS BUILDINGS ON LAND WHICH ANOTHER MAY TAKE FROM HIM

BOWMAN, N. D., June 9.—Buildings and fencing on the Roosevelt reserve at Ranger were sold by J. C. Whitman, supervisor of the Soo National forest, for \$500, which is considered a very good price in view of the fact that no assurance could be given the purchaser that he could have the land on which his buildings stand when this tract is opened to settlement.

Girls' Teams Sell \$180 Worth of Red Cross Memberships

Ryder, N. D., June 9.—Two teams of young ladies sold \$180 worth of Red Cross memberships in Ryder on Tag day. There were enlisted 127 members, including one life membership purchased by George Couch. Ryder already had 35 memberships, giving the chapter a present enrollment of 162.

The Tire Mark of Quality

IN every sense of the word, Racine Country Road Tires are Quality Tires. Quality that insures maximum service over country roads is built in by hand by Racine tire-makers—the highest paid tire-makers in the world.

RACINE COUNTRY ROAD TIRES

Notice the tread—designed specially to stand the hardest usage of driving over country roads. You can be certain Racine Country Road Tires will serve you well long after the 5000 mile guarantee has been exceeded.

For your own protection, be certain that every Racine Tire you buy bears the name Racine Rubber Co.

FARMER PUBLISHERS

McHenry Organization Elects—Ready to Sell Stock

McHenry, N. D., June 9.—Henry Pewe has been elected president and John Dybdad secretary-treasurer of the Farmers' Tribune Publishing company, which plans to take over the McHenry Tribune and publish it as a farmers' co-operative organ.

Coming to Bismarck

Dr. Mellenthin
SPECIALIST

FOR HIS SIXTH YEAR IN NORTH DAKOTA.

DOES NOT USE SURGERY.

Will be at McKenzie Hotel Tuesday, June 19. Office Hours 9 a. m. to 4 p. m.

One Day Only

NO CHARGE FOR EXAMINATION

Dr. Mellenthin is a regular graduate in Medicine and Surgery and is licensed by the State of North Dakota. He visits professionally the more important towns and cities and offers to all who call on this trip consultation and examination free, except the expense of treatment when desired.

According to his method of treatment he does not operate for chronic appendicitis, gall stones, ulcers of stomach, tonsils or adenoids. He has to his credit many wonderful results in diseases of the stomach, liver, bowels, blood, skin, nerves, heart, kidney, bladder, bedwetting, catarrh, weak lungs, rheumatism, sciatica, leg ulcers and rectal ailments.

If you have been ailing for any length of time and do not get any better do not fail to call, as improper measures rather than disease are very often the cause of your long standing trouble. Remember above date, that examination on this trip will be free and that his treatment is different. German spoken. Address: 336 Boston Block, Minneapolis, Minn.

Bismarck Bank Building

The Bank with the Clock

What Is a National Bank?

A National Bank, such as this institution, differs from other banks in that it is organized and conducted under the careful supervision of the United States Government.

National Bank Examiners under the direction of the Comptroller of the Currency keep in touch with the details of this bank's workings and, moreover, strict rules and regulations to insure absolute safety have been laid down by the Government and must be followed.

This is one feature of the unquestioned safety we offer you in inviting your account.

Rooms 2 to 4 Lucas Block.

REGISTRATION TOTAL REACHES 55,806 TODAY

Present Indications Are That
Complete List Will Run Be-
tween 63,000 and 65,000

MORE THAN HALF CLAIM EXEMPTION FROM DRAFT

Reports from four counties received since noon yesterday boost North Dakota's registration to 55,806, with seven counties to be heard from. Of these seven, four, with a combined population of 65,000, may be expected to report at least 6,000 registrations, while 1,300 should come from the three smaller counties, which would place the total registration in the state at near 65,000. It is unlikely that in any event it will run over 65,000, which is from 13,000 to 23,000 less than the several government estimates.

Of the entire number registered to date 49,144 are citizens or natives of friendly countries; 6,041 are aliens, 549 enemy aliens and 72 negroes. Of the citizens and subjects of allied nations, 25,923 have cited exemptions, while 23,321 have not.

RIVER ROAD AGAIN BLOCKED--JACKMAN KICKS OVER PLANS

City Attorney Given Instructions
to Proceed With Condemna-
tion Suit

After Bismarck's river road difficulties had been settled for the twentieth time, J. J. Jackman yesterday kicked the fat into the fire by declining to give the city a warranty deed for the property which he had offered as a right-of-way for the highway to the Missouri.

A special meeting of the city commission was held yesterday. Capt. I. P. Baker, owner of some of the property wanted, agreed to accept \$300 for the land, providing Mr. Jackman would give the city a warranty deed for the tract which the latter was said to transfer. This Mr. Jackman is said to have declined to do, and Captain Baker then called his half of the bargain off.

As a result of this middle, City Attorney H. F. O'Hare today was instructed for the third time to commence condemnation proceedings to procure land necessary for the highway.

Commissioner R. L. Best, as usual, voted in the negative.

LEAGUE PLOT AGAINST LOAN ASSERTS WOLD

Continued from page 1.
in Michigan and Montana. It closes by enlisting the support of the farmers.

BAER TO RESCUE.

Fargo, N. D., June 9.—According to J. M. Baer, Nonpartisan candidate for congress from the First district, the Nonpartisan league is not attempting to interfere with the sale of the Liberty Bonds, as was intimated in a dispatch from Minneapolis today quoting Theodore Wold of the Minneapolis Federal Reserve bank. Mr. Baer issued the following statement:

"I am absolutely certain that the National Nonpartisan league, in its program, is not interfering with the sale of the Liberty Bonds, but we do believe in the conscription of millions

of dollars of profit made through the war." Members of the league asserted today that the mere fact that they were not interfering with the sale of the bonds indicated certain members of the league would buy the bonds; in fact some of them had already. They pointed out one real source of war revenue for the government was the huge excess profits made by concerns due to the war.

A. C. Townley, president of the Nonpartisan league, was in Jamestown today.

BISMARCK MAN HEADS DISTRICT COUNCIL U.C.T.

John L. George, Secretary of Local Travelers, Elevated to
High Office

ONE OF CAPITAL CITY'S PIONEER ORDER GETTERS

Owatonna, Minn., June 9.—John L. George of Bismarck, N. D., last evening was elected grand councillor of the grand council, United Commercial Travelers, North Dakota and Minnesota. The honor came to the North Dakotan after he had worked his way up from the lowest office in the grand council, each year having witnessed another step toward the ultimate goal.

John F. McGrann of Fargo was elected grand conductor, and C. Fina of Crookston, grand sentinel.

"Business as usual" was adopted by the large body of knights of the grip in attendance at the annual convention here as their official slogan.

Pioneer Salesman.

John L. George is one of Bismarck's oldest traveling salesmen. The Bismarck Grocery company was a comparatively small concern and only a year or two old when he entered its employ, 12 years ago. Prior to that time he had served for three years as manager of the Benton Packing company.

"Jack" George has served as secretary of the Bismarck council, United Commercial Travelers, from the second or third year of its organization. He has always been a diligent worker for the order, which owes a great deal to his influence. Personally, there is no more likeable man on the road than Grand Councillor George. Everyone knows him and everyone likes him. His territory on the North and South Soos swears by him, and there isn't one of Bismarck's 300 knights of the grip who isn't proud to learn that "Jack" has finally arrived at the top.

An ovation will await the new grand councillor when he reaches home on No. 3 tomorrow.

FIGHTING STALLION COSTS OWNER \$100; OTHER COURT GRIST

Emil O. Spitzer of Sterling Pays
for Damage to Gelding—
Finlayson Loses

A fighting stallion, which broke from his pasture and variously chewed and bit and kicked into a cocked hat a gelding owned by a neighbor, cost Emil O. Spitzer, owner of the victor, \$100 in district court yesterday. A jury awarded A. C. Laird, who owned the gelding, this amount.

In the case of A. W. Wheelock versus the Andrews Grain company, Judge Nuesse directed a verdict for the defendant. Wheelock's suit against the Farmers' Union & Mercantile company was dismissed without prejudice, and he is plaintiff in a third action, against the Monarch Elevator company, still to be tried.

The Tropical Oil company was awarded a verdict for \$50 with interest against Frank Finlayson in a jury trial yesterday.

Douglas Fairbanks in "The Americano" at the Bismarck and Orpheum tonight. Enough said.

Inspired by a Dream.

Musicians have been inspired by dreams, but not all by so terrifying a dream as that which came to Giuseppe Tartini, the Italian composer, who thought the evil one came to him and compelled him to play the violin. He awoke horrified, to find the strains he had been playing in his dream still ringing in his ears. He sat down and committed them to paper, and thus was written the famous piece known as "The Devil's Sonata."

Ropes of Camel Hide.

In biblical times the strongest rope was made of strips of camel hide, as still used by some tribes of Arabs.

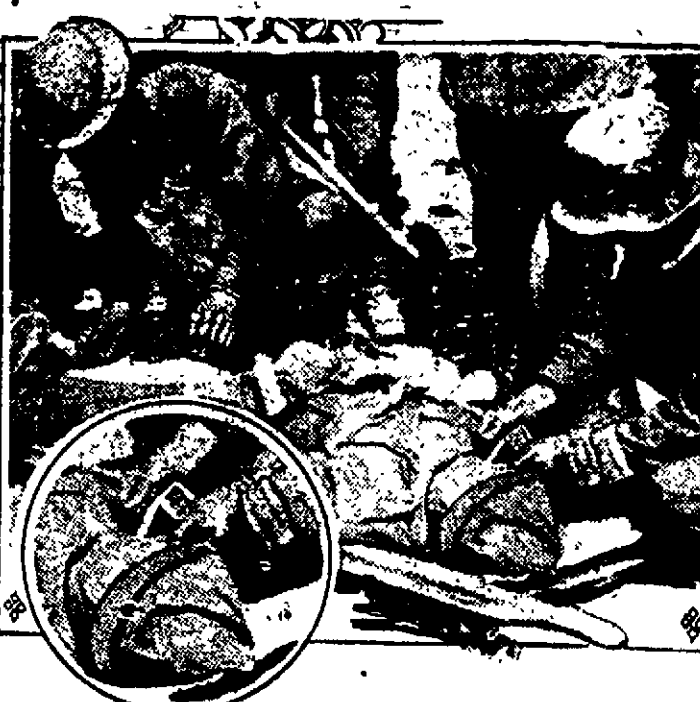

Reading on the Farm.

Upon most modern farms may be found interesting books, magazines and the daily paper, where in the past the ancient almanac and a few other more or less uninteresting books were at hand.

Love at First Sight.

"Do you believe in love at first sight?" "Of course, I do. There's Higgins, for instance. Do you suppose his wife would have married him if she'd taken a second look at his face?"

GERMAN PRISONERS HELP WOUNDED TOMMY

Behind the terror and hatred of war is the humane, brotherly feeling among soldiers of both sides at the French front. German war prisoners behind the British lines are here shown lighting a cigarette for a wounded Tommy before carrying him to the rear for treatment.

SHRINERS PILOT 40 NOVICES OVER BURNING SANDS

Great Day for El Zagal Temple
in Gate City—Prominent
Officials There

Fargo, N. D., June 9.—Fargo and El Zagal temple entertained the largest gathering of Shriner's yesterday in the history of the local Shrine, befetted visitors from several states attending. The center of interest was the initiation of a class of 40 candidates, the novices and their tormentors being everywhere in evidence on the city streets.

Prominent Officials Here.

Shrine dignitaries from several temples participated in yesterday's ceremonial at El Zagal. Among the notable visitors, C. E. Overshire, deputy imperial potentate of the A. A. O. N. M. S. of North Dakota, ranked the highest. The potentates of other temples present were: C. T. Spear, potentate Osman temple, St. Paul, Minn.; H. L. Dresser, potentate Aad temple, Duluth, Minn.; Carl Mueller, potentate El Riad temple, Sioux Falls, S. D.; L. E. Eckman, potentate Kem temple, Grand Forks, accompanied by full Arab patrol of Kem temple; Clarence Hale, past potentate Kem temple, Grand Forks, and George Dulis, past potentate Kem temple, Grand Forks. El Zagal past potentates were: Capt. Treat, Baldwin, Sarles, Stone, Gage and McGuigan.

For Mental Digestion.

"Lady, let me sell you a package of Cerebrum-Biscuits," said the grocer. "You will find them unsurpassed as a brain nourisher. In fact, I can truthfully recommend them as food for thought."

Quite a Shock.

"You say that Miss Oldstyle is suffering from severe mental shock? What caused it?" "Why, she's been claiming that she's only twenty-eight years old and then somebody found her name in one of those '30-Years Ago' columns in the newspapers."

Concert a Success.

The concert given by a number of the capital city musicians last evening in the McCabe church for the soldier boys was attended by nearly 100 of the boys in khaki. The program was most entertaining and was made up of readings, voice and piano numbers. This is the first of a series planned for the entertainment of the boys.

SUNDAY BASEBALL MUST BE STOPPED IF MONEY IS UP

Attorney General Today Advises
Sheriffs He Will Hold Them
Responsible

Sheriffs will be held responsible for the stopping of any baseball game upon which money is staked or an admission fee charged tomorrow, Attorney General Lange today advised the principal peace officer in each county in North Dakota.

Sunday baseball, if played for money, or with an admission fee charge, is illegal, the attorney general states, and he insists that the sheriffs enforce the law passed by the Fifteenth assembly placing a ban on such games.

From the novel, "Blaze Deringer," "The Americano" is taken, with "Doug" Fairbanks at his very best.

FOR SALE—Pool had four tables and barber equipment first class cheap for cash. See Kendall, Mofitt, N. D. 6-9-61

Douglas Fairbanks in Triangle Play, "The Americano."

A play of national enthusiasm, full of hair-raising adventures at the Orpheum and Bismarck theaters tonight only.

FIRST PAVING DISTRICT WORK ENDS FOR TIME

Hanlon & Oakes Cleaning Up To-
day—To Finish Paving Track
When Steel Comes

Work in paving district No. 1 will close for the present with Hanlon & Oake's clean-up on East Main street today. Nothing more can be done on Main and Fourth until the steel, shipped from Chattanooga two weeks ago yesterday, arrives and the state completes the relaying of its street car tracks in the business district.

Hanlon & Oakes will transfer their crew to Miles City, where a large contract is in progress. When the time is ripe this crew will return to Bismarck to pave the street railway right-of-way, and at the same time a number of alleys included in the first district will be given their bituminous surface. The paving contractors began their work late last fall, and proceeded under difficulties, pushing their contract with all possible speed until nearly the first of December and resuming operations early this spring.

District No. 2.

In district No. 2 the bulk of the curbing is in place and more than half the excavating has been done. The steam shovel is working on Ave. A, between 1st and 2nd; curb is being placed on Avenue C, between Fourth and Sixth, and concrete base is being laid on Rosser street between Eighth and Ninth.

An idea of what the improvement will mean may be gathered from an inspection of the Fourth street curbing, which extends to the boulevard, giving a splendid, wide driveway as a central artery for the city more than 13 blocks in length. The problem of handling the street railway on Fourth from Thayer to the boulevard is being worked out, and it is believed the plan agreed upon will prove satisfactory to everyone.

ADVOCATES WAR TAX ON LAND NOT PUT TO CROP

(Continued from page one)
most of it is arid or rocky, not available for farming without outlay of large capital.

Five per cent charged as ground rent for farm land of the United States at present census value, would amount to \$2,105,000,000.

The present tax rate on land value

Take a Quart Home With You.

First Eight-Hour Day Demand.

The demand that the day be divided into three equal parts, a part for labor, a part for sleep and a part for recreation, resulted in a big strike in London in 1853. The strikers lost. The next year in far-away Australia workers in Melbourne united to secure the eight-hour day and won. So far as the records go this was the first time the principle had been enforced either by statute or through the efforts of organized workers.

First Eight-Hour Day Demand.

For relief of poison ivy and oak. If not satisfied money refunded. Sold by Cowan's drug store. Mfgd. by Picry Mfg. Co., Ambia, Ind. 6-9-12-15-19-22-26-29

Balfour Arrives Safely at London

London, June 9.—Foreign Secretary Balfour arrived here today upon his return from America at the head of a British mission.

Washington, June 9.—The safe arrival of British Foreign Secretary Balfour at a British port brought deep satisfaction to officials here, who sur-

The CAPITAL SECURITY BANK

FIFTH AND BROADWAY
Capitalization \$50,000

Open for Business, Monday, June 11th, 1917

We solicit a part of your patronage, and offer you the best in Banking Service every Banking day in the year.

The executives of this Banking Institution are ready to aid clients in every way possible to adjust their affairs and to save.

To make this bank of immediate service to every man, woman and child in Bismarck and vicinity, we are ready to help them do their bit in purchasing Liberty Loan Bonds.

Our plan is to purchase Liberty Loan Bonds and hold them upon receiving application and a first payment of 2 per cent of the bond, the balance of the payments to be made as follows:

\$ 50.00-Bond	\$ 1.00 a week for 49 weeks.
100.00-Bond	2.00 a week for 49 weeks.
200.00-Bond	4.00 a week for 49 weeks.
300.00-Bond	6.00 a week for 49 weeks.
500.00-Bond	10.00 a week for 49 weeks.

Interest will be allowed at the rate of 4 per cent, compounded semi-annually upon payments made.

Payments will be made in our Savings department and when the payments have been completed the bond will be turned over to the purchaser.

We express the hope that you will call at the bank and become acquainted with this new institution. Bring a friend with you.

WON'T STAY HITCHED.

Says a reader of our recent remarks on standardization: "You can standardize all products of human mind or energy, but you cannot standardize the human himself."

Sure and it's a good thing it is so. Humanity progresses because the human animal cannot be tied, standardized, bound by rule, rote or measure. Human products are material. Humanity is spiritual. The human combat against standardization has meant progress. Where climatic change, or food shortage, or new environment has broken into the standardization of beast, fowl or vegetation it has meant a weakening, as a rule, the diminishing of power to lead the natural life.

Could man have been standardized, he would still be climbing trees for acorns, nuts and other things, instead of 40-story buildings for 18 per cent interest and other things.

OPPORTUNITY MUST BE SEEN.

We read that a million dollars was the profit last year of a man who invented a simple little wheeled toy for children. The toy consists of only a few pieces of wood so put together that the kiddies get all kinds of fun riding on it.

This man built the first of these toys for his own little boy. Soon all the boys in the block wanted one.

Now this man's success was simply the result of his ability to see an opportunity. He saw that he had made something children would want—and if you have something children want you have a fortune.

But probably nine-tenths of men would not have seen the opportunity this man saw. Perhaps hundreds of toys just as good are made by fathers—but they don't see the big chance.

Big chances are all around. There are a great many of them—and it is safe to say that only a few of the big chances are taken advantage of.

Is there a big chance staring you in the face? Take a sharp look and think hard. Maybe you'll see one and land big. An opportunity is no good unless you see it.

A TIP FROM WEBSTER.

About a year ago a young fellow finished school and went to work. His father wrote him a congratulatory note, saying that he was glad his son had "secured a position." The son replied something like this: "Dear Dad: I was glad to get your letter, but you are all wrong. I haven't secured a position and I hope I never will. What I have done is to get a job, a chance to work. You are wrong on both accounts. If you don't believe it look it up in Webster. 'Secured' is to make safe beyond hazard. I'm just getting started on this job. I may get fired tomorrow. I haven't made it safe beyond hazard. I never can unless I get to own the business. Even then there may be a fire or a slump in business or I may lose my mind."

"Position means a fixed place, and believe me, I don't consider that I have a fixed place. Not if I can help it. I want to go ahead, get somewhere. I'd consider that I was a pretty poor stick to have reached my limit, a position, at 33."

"I suppose you might say a traffic policeman on a little box at a street corner has a position—providing he has lost ambition to become a captain and have a comfortable office with better pay. I suppose you might say that an old bookkeeper in a bank had a position if he had

seen a dozen youngsters move past him to better jobs, and he had decided that he never could become cashier or teller and was resigned to his fate.

"But not I, daddy dear. Take a tip from Webster. I didn't secure a position. I may get fired, but I'd rather get fired than secure a position when there's so much room ahead."

The boy was right. He may never get there, but he's on his way. You get a job and stick to it as long as you see it isn't leading you to a position. Don't worry about whether you are getting wages or salary. If you do the work the salary will take care of itself. That is, of course, if the job is one for which you are adapted. A position is just as small as the man who fills it. A job is just as big as the man makes it.

PRACTICAL PATRIOTISM.

Out in Los Angeles some good Americans formed an organization called the "Practical Patriots League." They adopted as their slogan but two lines which everyone of us might well take to heart:

"If you can't be the Man behind the Gun."

Be the Man behind the Man behind the Gun."

This doesn't mean slinking in soft case behind the protection of the Man behind the Gun. It doesn't mean letting George do it. It doesn't mean slothful cowardice or criminal indifference.

It means that you shall do a man's part toward helping the Man behind the Gun. It means that you shall do all you can to make effective the Man behind the Gun. You can help by raising food. You can help by cutting out waste. You can help by increasing the output of munitions. You can help by keeping the industrial wheels going around. You can help by giving part of your money to the government so that the Man behind the Gun may be properly clothed and fed and armed and transported. You can help by supporting the Red Cross so that if the Man behind the Gun is wounded he will get all proper care.

Don't be a slacker—help.

SUMMONS.

State of North Dakota, county of Burleigh, in district court, Sixth judicial district.

Percy P. Bliss, Plaintiff

vs.

Frank Irving Barrett, Harold Sanyold, Deborah Taylor Lee, Grace Williams Putnam, Henrietta Tower, W. T. Tyler, T. J. Downing, London & Lancashire Insurance company, Northwestern Fire & Marine Insurance company, Sun Insurance office, W. B. Joice & company, Ernest B. Munson and O. T. Munson, partners doing business under the firm name and style of Munson Brothers, Fred B. Tyler, and all other persons unknown claiming any estate or interest in or lien or incumbrance upon the property described in the complaint.

The State of North Dakota to the Above Named Defendants:

You are hereby summoned to answer the complaint in this action, which was filed in the office of the clerk of the district court of Burleigh county, North Dakota, on the 3rd day of May, 1917, and to serve a copy of your answer to said complaint upon the subscribers at said offices in the city of Bismarck, Burleigh county, North Dakota, within thirty days after the service of this summons upon you, exclusive of the day of service; and in case of your failure to appear or answer, judgment will be taken against you by default for the relief demanded in the complaint.

Dated at Bismarck, North Dakota, May 3, 1917.

NEWTON, DULLAM & YOUNG, Attorneys for Plaintiff, Bismarck, North Dakota.

Notice.

To the Above Named Defendants: You will please take notice that the above entitled action relates to the following described real property situated in the city of Bismarck, Burleigh county, North Dakota, to-wit: Lots one (1), two (2), three (3), four (4), five (5), six (6) and seven (7) and the south half (S 1/2) of the northeast quarter (NE 1/4), and southeast quarter (SE 1/4) of the northwest quarter (NW 1/4) and east half (E 1/2) of the southwest quarter (SW 1/4), all in section six (6), township one hundred thirty-nine (139) north, of range seventy-seven (77) west, and the southwest quarter (SW 1/4) of section one (1), township one hundred thirty-nine (139) north, of range seventy-eight (78) west, according to the United States government survey thereof; that the purpose of this action is to quiet in plaintiff the title to said real property; and that no personal claim is made against any of the defendants.

NEWTON, DULLAM & YOUNG, Attorneys for Plaintiff, Bismarck, North Dakota

Commissioner Beat introduces the following resolution and moves its adoption. He it Resolved by the Board of City Commissioners of the City of Bismarck, North Dakota hereby declare it to be necessary that a storm sewer be constructed on Third Street from Avenue A south to Avenue A, west on Avenue A to Second Street, south on Second Street to Rosser Street, west on Rosser Street to Mandan Avenue, and south on Mandan Avenue to the Broadway sewer in Sewer Improvement District Number One, according to the plans and specifications of the City Engineer, which plans and specifications were adopted and placed on file this 25th day of May, 1917. State of North Dakota, City of Bismarck, ss. I, Burton, City Auditor of the City of Bismarck, North Dakota, hereby certify that the foregoing is a true and correct copy of the original resolution passed by the Board of City Commissioners, their adjourned regular meeting May 28th, 1917.

C. L. BURTON, City Auditor.

The Open Road to Berlin

TRAVELERS HAVE PATRIOTIC FETE IN ANNUAL MEET

Program at Owatonna, Minn., Today Given Over to Loyalty Demonstration

Owatonna, Minn., June 9.—The acceptance of C. W. Ames, general manager of the West Publishing company of St. Paul, one of the strongest and most gifted prominent business men of the Northwest, to make the principal address at the Patriotic Demonstration to be held under the auspices of the Grand Council Minnesota and North Dakota of the order of United Commercial Travelers of America, today, will make this outdoor meeting of the biggest and most prominent of any gathering to be held in the Northwest this year.

The coming of Mr. Ames to Owatonna is of special importance to the people of the entire Northwest, owing to the fact that Mr. Ames is one of the big members of the Committee on Public Safety in Minnesota, and he is in every way qualified to speak on the present crisis which America faces in the war with Germany.

Mr. Ames has only recently returned from Germany, where he had been on a trip before the acute crisis arose between the United States and Germany, and knows the actual condition which prevailed at that time in Germany. He knows of the military power and the organization that Germany has and his address will team with matters of vital importance to our people, as well as to the United Commercial Travelers.

Since receiving the acceptance of Mr. Ames to make the address, the reception committee, of which W. E. Clarkson is chairman, has secured the services of Miss Maude Johnson, music instructor of the public schools, to organize a large chorus choir of over 100 voices to sing at this open air meeting and also the tender of the Owatonna Civic orchestra to play the accompaniments and also several selections.

MORE THAN 3,000 U. C. T. REPRESENTATIVES TAKEN IN ANNUAL CONVENTION

Big Meeting Closing at Owatonna Today Has Been One of the Most Successful

Owatonna, Minn., June 9.—More than 3,000 commercial travelers have been in attendance during the three days' reunion in session here.

Among the speakers who addressed the travelers were: Governor J. A. A. Burnquist, Supreme Secretary W. D. Murphy, Columbus, O.; Grand Counselor George M. Peterson of Duluth, Minn.; and State Senator W. A. Campbell of Minneapolis.

HAS PAGE—

R. B. Williams, ad man with the Bismarck branch of the International Harvester company, has a full page story in the current number of the

Harvester World, telling how to care for the rush of harvest repairs which will break in a few days.

NEW BLOCK MAN—

E. P. Woodward, formerly of the Aberdeen branch of the International Harvester, has taken charge of the block out of Bismarck formerly worked by J. G. Dunn, who has left the service to enter the implement business in Miles City, Mont.

STATE HOUSE NOTES

INCREASES CAPITAL—
The Williston Grocery company of Williston has filed articles with the secretary of state, increasing its capital from \$100,000 to \$150,000.

FARMERS' PAPERS—
Farmers' publishing companies of McHenry county, who plan to publish The McHenry Tribune, and of Bowman, sponsors for the Bowman Pioneer and Citizen, have filed articles of incorporation with the secretary of state.

MAILING SPEECHES—

All of the clerical help available at the capitol is engaged in the executive chambers today, under the direction of Secretary N. A. Mason, in mailing out 5,000 copies of Secretary McAdoo's Liberty Loan address.

recently delivered in the senate. The copies are going to all classes of citizens in every part of North Dakota, and they are expected to materially increase the state's consumption of Liberty Loan bonds.

MEETING POSTPONED—

The farm elevator directors' and managers' meeting, originally scheduled for July 14-15-16, has been postponed until July 24-25-26, at the request of the Fargo Commercial club, advises J. A. Axtell of Fargo, secretary of the association. August Nelson of Crosby is president and G. H. Bruns of Oriska, treasurer of the Directors' and Managers' Association of Farm Elevators, which is an organization for the purpose of promoting closer cooperation in direct marketing of farm products and purchasing supplies on the co-operative plan. Programs for the annual meeting will be issued soon.

BOOSTING MANDAN TALK—

Large posters plastered about the capitol advertise an address to be given by Governor Frazier next Friday in Mandan. The talk-fest will be held in the Palace theatre, and President A. C. Townley of the league will be among those present. H. E. More, manager of the lecture bureau, in sending out notices to the press advises that Frazier has become one of the few governors of national reputation since his appearance at Cooper Union in New York, and that Mr. Townley, president of the National Nonpartisan league, will speak on the work of the last legislature, "especially on House Bill 44, showing how a few standstill members blocked the wishes of 87,000 voters of the state."

JAMESTOWN HOME GUARD

Protection Against Townley's Friends Urged in Stutsman
Jamestown, N. D., June 9.—Citizens have suggested that a home guard be organized here soon so that Jamestown will be protected from possible I. W. W. disturbances during the harvest season.

Saturday Evening Letter

By Justice J. E. Robinson

SATURDAY EVENING LETTER.

(By Justice J. E. Robinson.)

This week we have heard arguments in eight cases. Next week we hear arguments in 20 cases. Then, during the June month, we purpose to write up and sign up on every case argued and submitted during this year. Then the pending appeals will be reduced to about 50 cases. In the meantime, so that our judges may be good and keep steadily at work and not run off and leave me, as they sometimes do, I must write a few Jeremiahs. The purpose is not to scandalize the Court, but rather to confess and do penance so as to remove all causes for scandal. St. Paul writes: When I was a child I spoke as a child; I understood as a child, and I thought as a child; but when I became a man, I put away childish things.

Justice Walter Clark of North Carolina says: "These words of the great apostle apply to every calling and every profession under the sun, save only that of the law; but the demand for reform in legal procedure and of abuses incident to our practices is insistent and it must be heeded."

It is certain that lawyers and judges are by no means a necessity. They are an expensive luxury, and unless they amend their ways of doing business, the people may conclude to put them all out of business just as they did the saloons. In about half the cases which come to our Court there is usually no ground for an honest difference of opinion and no ground for an appeal. The purpose of these letters is to make the demand for reform more and more insistent by exposing the wrongs and showing how to right them. The judges have been too much in the habit of covering up and concealing their own wrongs. Certain it is they have not been proclaimed upon the house-top, and it is a hopeful sign if judges think it a disgrace to let the people know how they steal their time and leave their work undone. (Of course, I write only of the judges in Minnesota and other states, and of the U. S. supreme court.)

I know well that it is, and should be, an easy matter for every supreme court from the Atlantic to the Pacific to keep up with its work in a businesslike manner and to decide every appeal within 30, or at the most, 60 days after it is filed, and it is our purpose to show the judges in other states how this may be done. Thus far there is a radical defect in our system of procedure. We double our work by a system of nursing it. We

sit and hear arguments day after day for a month or more and decide the cases in one, two or three months, when the arguments are forgotten. Then we hear motions for review in every petty case and go all over the same old records, and the result is mental drudgery and a fearful waste of time. But soon, very soon, I hope we will learn how to better conditions and to adopt rules to reduce the procedure to a more businesslike system.

Winston, Harper Fisher Co. v. Price, Robinson, J. This is an appeal from an order of the County Court of Wells County denying a motion to amend the Sheriff for a failure to execute an execution on real property in Kidder County. The execution was for \$11.02. The sheriff refused to make the levy for the reason that the judgment had not been docketed in his county. The sheriff was perfectly right. The statute is that when an execution is against the property of a judgment debtor may be issued to the sheriff of any county where the judgment is docketed. (Comp. Laws, Sec. 7715.) And when a judgment is rendered by a county court, a certified transcript of the same may be filed in the office of the clerk of the district court and the judgment docketed therein, and from the time of docketing it becomes a judgment of the district court for the purpose of an execution and a lien upon real property owned by the judgment debtor. Then the clerk of the district court may give a certified transcript of the judgment to be docketed in any other county, and no execution shall issue out of the county court upon any judgment upon which an abstract has been issued and filed in the district court. (Comp. Laws, Sec. 8943.) The sheriff was clearly right.

And this, for himself, the writer declares: That it is in no way proper for an attorney to belittle himself and the Court by taking an appeal on such a small matter; and also that the statute, in regard to amendment of a sheriff is of barbarous and despicable origin and it is contrary to the spirit of our constitution, and the amendment or fine should never be imposed except in cases of grave and willful fault, resulting in grave injury. The true purpose of the law is to administer fair and honest and impartial justice, and not to aid in robbing a sheriff or a bank or any party. The order is affirmed, with costs. The clerk of this court is directed to remand the case forthwith.

Jan. 8, 1917.

INDIVIDUALS BUY

\$10,000 Worth of Liberty Bonds Sold During Week

Mandan, N. D., June 9.—A determined drive for the sale of Liberty Loan Bonds resulted during the week in the purchase of \$10,000 worth by individual Mandan citizens in denominations ranging from \$50 to \$10,000.

\$50,000 LIBERTY BONDS MAXWELL PRIZE OFFER

New Gasoline Economy Contest Inspired By The Success Of May 23, Demonstration

50 CARS AVERAGE 39.67 Miles

Returns From Total Of 392 Show a Grand Average Of 37.47 Miles Per Gallon Of Gasoline

With a score of 39.67 miles per gallon for 59 cars and 37.47 for 332 cars, the nation-wide Maxwell Gasoline Economy Contest demonstration of May 23 has inspired the Maxwell Motor company to put up \$50,000 for another great one-gallon gasoline economy contest.

United States Liberty Bonds are to be the prizes in this second event. The contest is for Maxwell owners exclusively, dealers being barred.

The Maxwell Company expects to get an entry list of 40,000 owners' cars for this second contest, which is to take place all over the United States, from June 15 to 23rd.

Of the \$50,000 in U. S. Liberty Bonds to be awarded by the Maxwell company, \$25,000 worth of the bonds are to be awarded as owners' prizes for mileage made on one gallon of gasoline.

The other \$25,000 will go to the dealers as rewards for assisting the company to make the stupendous undertaking a success.

The conception of this big event originated with Walter E. Flanders, President and General Manager of the Maxwell Motor Company, Inc. It was directly inspired by results of the dealers' contest of May 23rd.

While the contest of May 23rd was open to dealers only, the rules required that none but privately owned cars in actual service could be used for the runs.

In many parts of the United States and Canada rain fell on the contest day, and in many places rain had fallen for several days previously. Despite these conditions, the Maxwell Company feels, with such a showing, the company is warranted in defying the world to beat it.

The 50 highest cars yet reported made a total of 1,933.6 miles on a total of 50 gallons of gasoline. This means an average of 39.67 miles per gallon.

The full details, with the name of the silver and gold grand prize cup winner will be published in a few days.

In the \$50,000 U. S. Liberty Bond Owners' Contest in June, women, as well as men, Maxwell owners will be eligible. The company hopes to make even a finer showing than that was made on May 23rd.

Banquet at McKenzie Closes Commencement Festivities

The 1917 commencement festivities of the Bismarck high school came to a close Friday evening with the annual Alumni banquet at the McKenzie hotel. Eighty-seven of the alumni members and the present graduating class of 51 were seated at a long table, which was adorned with flags of all sizes. The national colors were the only adornment.

Mrs. Richard Penwarden of the class of 1889 was toastmistress. A special incident in the presiding of Mrs. Penwarden was that her oldest child, Miss Geraldine, was a member of the present class. Donald McDonald of the class of '12 welcomed the class of 1917 and the greetings were given by Miss Carrie Haugen of the 1912 class. Angelo Holta, president of the class, responded. Superintendent J. Maurice Martin responded to a toast, "Second Fiddle," and Miss Julia Budlong of the class of '13, "Not So Very Long Ago."

A spirit of patriotism pervaded the atmosphere throughout the festivities and its prevailing influence was reflected in the prize toast given by Miss Janet Fogerty, daughter of Mr. and Mrs. James Fogerty. Miss Fogerty, who was awarded first honor for the best toast by the graduating class, chose for her subject, "Americanism." She was also awarded first honors of her class. The program closed by singing "America."

The young graduates and their friends enjoyed dancing between courses and an entertaining musical program was given by Mrs. John Larson and the Misses Ruthella and Esther Taylor, members of the alumni. The banquet arrangements were in charge of the class of '12, with Miss Haugen, Mr. McDonald, Mrs. Roy Logan and Miss Florence Smith composing the committee.

Following is Miss Fogerty's toast:

AMERICANISM.

"Our toast tonight is to Americanism—the spirit of America—the spirit which pervades our country and aways the heart of every loyal citizen under the Stars and Stripes.

"But this spirit, to be truly American, must do more than bring forth expressions of sentiment and words of patriotism. It must inspire the men and women of these United States to put themselves in active service—to be and do all that the nation demands.

"And because this spirit is American, because it embodies the highest principles of sentiment and service, we welcome its influence in our lives. We give ourselves to the service of that country under whose flag it was born. May the life of every one of us be a part of the whole noble system of American service—may each of those lives spell, Americanism!"

Interesting Programs For Children's Day

Interesting programs have been arranged for the annual Children's day exercises at the McCabe Methodist and Presbyterian churches Sunday. The programs will be presented by the primary and junior departments and will take the place of the regular morning services. Children are asked to be at church at 10:15. The programs follow:

MCCABE METHODIST.
Processional—Orchestra.
Hymn—"Saviour, Like a Shepherd Lead Us"—School.
Hymn—"Jesus Wants Me For a Sunbeam—Beginner and Primary Departments.

PRESBYTERIAN.
Exercise—The Beginners—Miss Hoffman's Class.
Exercise—One By One—Miss Dean's Class.
Song—"Give Smiles When You Can"—Third Year Primary Class.
Exercise—Thankful Hearts—Miss Hagen's Class.
Exercise—Do Something For Somebody—Mrs. Hagen's Class.
Exercise—Obey—Miss Taylors Class.
The Rosebuds—First Year Junior Classes.
Exercise—The Message of the Flowers—Second Year Juniors.
Queen of the Year—Twelve Juniors.
Song—"All the World a Garden"—Intermediate Girls.
Recitation—"God's Country"—Ruth Corder.
Song—"Our Country"—Junior Chorus.
Patriotic Demonstration and Salute to the Flags.
Pastor's Address.
Announcements.
Offering.
Hymn—"All Hail the Power of Jesus' Name."
Benediction.
Presbyterian Church.
Hymn—"Joy to the World"—School.
Lord's Prayer.

GOING! GOING! GONE!!

I WAS somewhat peeved
LAST NIGHT. George got
SENTIMENTAL about my hair
AND I told him that having
NICE HAIR was a duty
BUT THAT having something
UNDER THE hair was in a
MEASURE a privilege
AND I felt myself
IN THE privileged class.
I BELIEVE that men don't
THINK OF anything but a woman's
LOOKS, BUT I thought
GEORGE WAS different.

Yours for beautiful hair,

New Bismarck Nurses' Home

An elaborate program has been arranged for the dedication of the new nurses' home of the Bismarck Evangelical hospital, which will be held Sunday afternoon at 2:30 at the home. Bishop S. P. Spreng, D. D., of Naperville, Ill., will deliver the dedicatory address. Other speakers will include Governor Lynn J. Frazier, Secretary G. N. Keniston of the Commercial club and William Langer. Rev. William Suckow, the newly elected superintendent, will preside. Special music will be furnished by the Elks' band.

A reception was held this afternoon at the home and was attended by many of the friends of the institution. Another reception will be held this evening from 7 o'clock to 9.

Graduating Exercises.

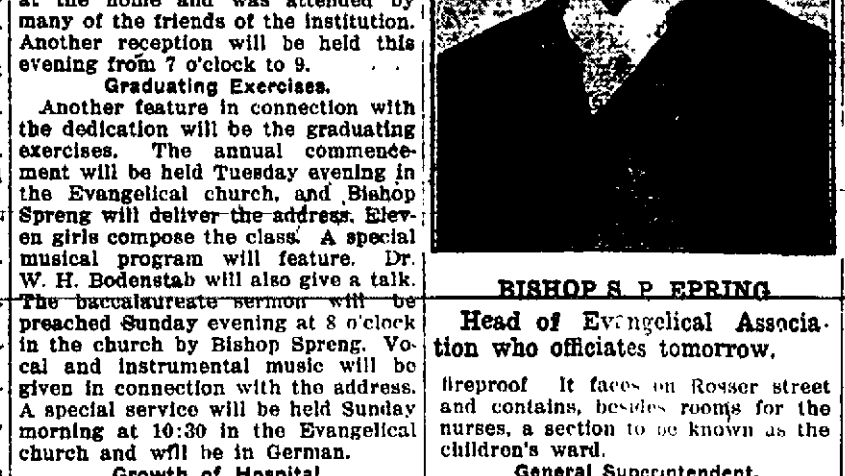

Another feature in connection with the dedication will be the graduating exercises. The annual commencement will be held Tuesday evening in the Evangelical church, and Bishop Spreng will deliver the address. Eleven girls compose the class. A special musical program will feature. Dr. W. H. Bodenstab will also give a talk.

The baccalaureate sermon will be preached Sunday evening at 8 o'clock in the church by Bishop Spreng. Vocal and instrumental music will be given in connection with the address. A special service will be held Sunday morning at 10:30 in the Evangelical church and will be in German.

Growth of Hospital.

The growth of the Bismarck hospital has been phenomenal, and the dedication of the new nurses' home on Sunday will mark another milestone in its history.

The Bismarck hospital was first opened to the public in February, 1909. When first opened it was only a structure 44x120, three stories, and it faced on Sixth street. The rapid growth of the institution compelled an addition to be built in 1913 on the south. This new wing was 36x80, with three stories. It was used for a long time for the nurses' home, but the increase in patronage soon made necessary the present new addition. The new nurses' home is a four-story structure of 100x50, with full basement. It is of pressed Hebron brick and reinforced concrete, making it

BISHOP S. P. SPRING
Head of Evangelical Association who officiates tomorrow.

fireproof. It faces on Rosser street and contains, besides rooms for the nurses, a section to be known as the children's ward.

General Superintendent.

Miss Louise Hoorman has been the efficient superintendent since the hospital's inception. The growth of the institution has necessitated the electing of a general superintendent. Rev. William Suckow, formerly superintendent of the Bismarck district, was named for this position at the recent Evangelical conference. Miss Hoorman will remain with the institution as assistant superintendent. Miss Sands is superintendent of nurses and will take up her headquarters in the new home.

Many prominent men of the Evangelical denomination will be in attendance at the dedication services Sunday and for the annual commencement. The management of the hospital extends a cordial invitation to the general public to all the events.

week of the 17th. Miss Flora Murray of this place, who is also a teacher in the Duluth schools, will return with her.

"DOUG" FAIRBANKS TONIGHT ONLY

Douglas Fairbanks, athletic star of Triangle Fine Arts, again has a part in "The Americano" that gives him full opportunity to display his athletic prowess. The play is fairly saturated with action.

Fairbanks goes to Paragonia, a South American country, arrives just

Summer Hats for Sun and Shade

By Betty Brown.

New York, June 9.—The sobering influence of war time already shows itself in fashion's pet frivolity, fine millinery. Women not only demand that a new hat be becoming, but they also ask, "Is it practical?" and "Is it durable?"

In spite of the summer requirements for lightness, sheerness and transparency, fewer hats of perishable materials are shown than in former seasons. Some of the handsomest of the broad brimmed models are of fine, firm, soft straws. Many women consider these braids economical even at rather high prices because they can be reshaped another summer.

Most of the wide brims are curved on classic lines, but sometimes the curve is up and sometimes down. The drooping brim is distinctly not for the mature face. It shuts out the

SECURITY BANK OPENS ITS DOORS

The Capital Security bank, The Annex building, Fifth and Broadway, opened its doors to the public today. Many visited the quarters of Bismarck's fourth financial institution and commented favorably upon the general arrangement and furnishing.

Attractive equipment has been selected. The interior of the bank is furnished in Italian and Vermont marble. While the bank will not be in operation for business until June 11, it set apart Saturday as a day of inspection by the citizens of Bismarck.

The following directors were elected at the meeting of the stockholders this week: R. C. Battey, Bismarck; J. C. Hyland, Bismarck; Krist Kjelstrup; C. W. Gray, Bismarck; and A. E. Ruhn, Hoffman, Minn.

The officers are: Krist Kjelstrup, president; C. W. McGray, vice president; Henry E. Cass, cashier; C. L. Sampson, assistant cashier; Walter J. Wimmer, assistant cashier.

BARNES COUNTY SCHOOLS HOLD ANNUAL EXERCISES

Valley City Normal Instructors Delivering Commencement Addresses

Valley City, N. D., June 9.—Graduating exercises took place in the Nottlimer school Thursday evening and County Superintendent of Schools Miss Minnie J. Nielson presented diplomas to a class of eight. Prof. L. B. McMullen of the state normal school faculty talked on "A Constructive Philosophy of Life." Rev. Bublitz gave the invocation.

Deputy County Superintendent of Schools O. A. Barton attended graduating exercises at the Nome consolidated school Thursday night. There were six graduates. Mr. Barton was accompanied by Prof. Floyd Goodier of the normal school, who gave a talk on "Preparedness For Life."

Friday evening, Miss Nielson presented diplomas to a large class of graduates at the Baldwin consolidated school. Prof. Wemett of the normal school faculty spoke on the subject, "North Dakota Heroes." Friday Mr. Barton presented diplomas at the graduating exercises of the Getchell school.

CLUB WOMEN TO HOLD CANNING DEMONSTRATION

The canning demonstrations conducted under the auspices of the City Federation of Women's clubs will be held in the office of the Hughes Electric company, across from the post office, Monday morning, afternoon and Tuesday morning. The morning sessions will begin at 10:30 and the afternoon session at 2 o'clock. Miss Newton of the Agricultural college will be in charge.

The club women of the city are anxious that every woman will avail herself of the opportunity of the demonstrations. They are doing this as a practical step in the national campaign for food conservation. President Wilson has stated that the women of the United States take charge of the food problem, and one of the greatest ways to assist in the conservation of food is to learn how to properly can all vegetables and fruits.

Swedish Lutheran—Seventh street and Avenue D, Rev. E. F. Alfson, pastor. Morning service at 10:30; Sunday school at 12 o'clock; noon evening services at 8 o'clock. All are cordially invited to the services of the church.

33 MEMBERS OF JIMTOWN HIGH GRADUATED FRIDAY

Thirty-Second Annual Commencement Exercises Featured by Beard's Address

Jamestown, N. D., June 9.—Thirty-three members of the Jamestown high school successfully completed their school career and passed into the world last evening, when they were handed their diplomas. Dr. R. A. Beard of Fargo delivered an inspiring commencement address to the students at the 32nd annual commencement exercises last night. An excellent musical program was rendered by the high school orchestra.

Greek Fire Gunpowder?

Mzenghells told the Academie des Sciences in Paris recently that he had been studying the "Greek fire" used in war by the Byzantines. The descriptions of this say that it was hurled from a copper tube with a sound like thunder and with a great cloud of smoke. From this he concluded that the Byzantine Greeks had real cannon in which they used explosive mixtures with niter as a base. Therefore the honor for the discovery of gunpowder must be given to the Engineer Callinus of Heliopolis, who first used it, destroying a Saracen fleet with it in 670 A. D.—Exchange.

Hank Gowdy, First Big Leaguer to Enlist Signs for Service With Ohio Guard

Hank Gowdy, first string catcher of the Boston Braves and hero of the 1914 world series, is a full-fledged soldier, having enlisted in the Ohio National Guard. Hank is the first big league ball player to join the colors. Hank passed the physical examination easily and told guard officers he would be ready to report for service at any time.

Upper picture shows Gowdy signing enlistment papers; in the lower he is taking his oath of allegiance.

trail. The average of 14½ cars a day indicates that the war to date has not checked transcontinental touring.

BELIEVES IN PORK
Lots of Pigs and Plenty to Feed Them at Forman

Forman, N. D., June 8.—Hurd Sinnamon of Weber, with 30 brood sows who are mother 200 little piglets, and with sufficient feed on hand to prepare all of the porkers for market, isn't particularly objecting to the high price of pork chops.

TOURING NOT HURT
Transcontinental Travel Apparently Does Not Suffer

Viox of Kansas City Leads League

Chicago, June 9.—Viox of Kansas City displaced Demitt of Columbus for the batting lead among American Association regulars. He is showing the way with an average of .347, according to averages including games of last Wednesday. Dillhoefer, Columbus' new catcher, has hit .425 out for only 16 games.

Scholin of Columbus went to the front in sacrifice hitting, having driven out fourteen. Wickland of Indianapolis increased his lead in runs scored, bringing his total up to thirty-five. Drexler of St. Paul maintained his place in base stealing. He has seventeen to his credit. Becker of Kansas City still leads in home runs with six. Kansas City, leading in team batting, has an average of .266.

Ty Cobb Falls in His Old-Time Form

Chicago, June 9.—Ty Cobb is back in his old-time batting form. The celebrated Georgian, according to unofficial averages released today, has jumped from seventh to third place in the list of American league batters. His average is .335. This Speaker is out in front with .365.

Cobb piled up thirty points in his last seven games, getting five hits—two triples, a double, and a pair of singles—in one contest. He has driven out fifty-three hits in forty-three games. Chapman of Cleveland increased his lead as the premier sacrifice hitter and base stealer, having thirty sacrifice hits to his credit and fifteen steals. Roth, also of Cleveland, is pressing him with fourteen stolen bases.

Weaver of Chicago is keeping his pace in runs scored, having thirty-four, while Young of Detroit, and Hooper are close up with twenty-eight each. Pipp of New York still is in possession of home run honors with three. Boston leads in team batting with an average of .241. The

Leonard's Boxing Lessons!

Practice for Speed to Become Boxer, Says World Champion.

By BENNY LEONARD.

(Lightweight Champion of the World, Written Especially for the Tribune.)

It would be a good thing for everybody to devote a half hour or so each day to a short run of a mile or two, or a few games of handball. It will prevent you from puffing when climbing a hill or walking up the stairs of a big city tenement house. After acquiring wind and stamina, it is time to give attention to the art of boxing itself if you are out to improve your general health and be physically fit.

My advice to those desirous of learning to box is to master scientific boxing before attempting to "knock 'em dead."

If the reader will glance over my record, he will notice that for the first two years of my career knockouts were scarce. I did not knock them out and I did not try. I was contented with winning on points.

During this time I might have attracted more attention if I had thrown science to the winds and just tried for a knockout. But I was contented to make slow, safe progress.

I devoted all my time to developing into a fast and clever boxer. I know the fate of the slam-bang artists. I was pretty well satisfied with the features of my face and wanted to be a different looking fellow from those sluggers who have gone through so many battles.

And I am glad to say I have succeeded.

Clever boxing means high speed boxing. To get speed you must do a great deal of shadow boxing. Imagine you are boxing with the champion. Don a pair of mitts and tackle the champion. Box him and then slug with him. Work as if you were really in a battle.

Duck occasionally and jab and up-percut as often as you would in the ring. This is a wonderful way of learning the art of attack. Plenty of

BENNY LEONARD

shadow boxing properly conducted will make the same kind of boxer of you in the ring as in the gymnasium. Work for speed. Forget about the punch till you have mastered the tricks of the game. And if you try these things you will find your appetite will be better, you will enjoy your food more and you will feel a lot better.

"Best in the Long Run"

Sport Gossip

Fargo, N. D., June 9.—Twilight baseball has become popular in the Northern League, the Fargo-Moorhead team being the last to announce that its games will start at 6:15 o'clock. Winnipeg, Minn., N. D., and Warren, Minn., the other members of the league adopted the plan earlier in the season. If the arrangement proves profitable for the locals it probably will be continued throughout the season. There is nothing at present to indicate an abandonment of the league's schedule before the season closed on September 3, as patronage has been up to the average.

Cleveland, June 9.—Paul Cobb, a brother of the famous Ty, is now a member of a team in the Cleveland baseball league. Paul formerly played in the Western league. He is an outfielder.

Kansas City, Mo., June 9.—The Kansas City baseball park of the Federal league is being wrecked to make room for small cottages. The grand stand, bleachers and fence of the park cost \$75,000.

Greencastle, Ind., June 9.—Charles W. Bachman, regarded as one of the greatest athletes produced in the Central West, has been engaged as assistant director of athletics at De Pauw University. His appointment was recommended to the athletic council by Egbert C. Buss, director of athletics. He will assist Director Buss with the basketball and football teams and will have complete charge of the track and field team. Bachman holds the state record for the discus and hammer throws. He will graduate from Notre Dame this month.

Freemont, O., June 9.—Blind in one eye, William Forsythe, a 19-year old pitcher, is trying to make his way in baseball fame despite this infirmity and a crippled pitching hand like the famous "Minor" Brown.

Forsythe lost the thumb of his right hand several years ago, but a stump-like portion allows him to get a firm grip on the ball. He has a choice assortment of curves and pitches with great speed and control. He recently fanned 35 men in two games, holding his opponents to three hits in the first contest.

SPORTS CHATTER

Ty Cobb got five hits in a ball game the other day, which shows that Ty is slowing up.

Kid Herman has claimed exemption from military service. Those fighters are so brave.

There is some talk about giving the Washington franchise to some other city. Question is, who would want it?

Red Sox made nine runs in one inning the other day. Still they call the Sox a weak hitting team.

Chicago players sang "Star Spangled Banner" at a ball game. Good boost to patriotism, but an awful wallop to art.

American league players declare "Empire Hildebrand has a southpaw head."

(Special to Tribune.)
Ashley, N. D., June 9.—State's Attorney Hugo P. Remington enters a flat denial of charges reported to United States District Attorney M. A. Hildreth at Fargo to the effect that fifteen Ashley young men declined to register Tuesday. In conversation with a Tribune representative, Mr. Remington today said: "Some little trouble was predicted previous to registration day, but it did not materialize. There was no difficulty anywhere in McIntosh county, and in Ashley the registration was especially complete and satisfactory. 'I am at a loss to understand the origin of this report.'

GOOD PURSES HUNG UP FOR SPEED PROGRAMS

Attractive List of Purses Offered by Four Eastern State Fair Boards

Fargo, N. D., June 9.—Secretary F. W. McRoberts of the Interstate Fair association announces that \$11,200 will be hung up for speed events on the circuit including Valley City and Cooperstown county fairs, the North Dakota State fair at Grand Forks and the Interstate fair at Fargo. Eight \$500 purses will be offered at Grand Forks and seven at Fargo. The season will open July 10 at Cooperstown and close July 28 at Fargo.

BUILD MANY BRIDGES
Weber Township Sargent County, Claims Prize

Forman, N. D., June 9.—Weber township with ten bridges on a four-mile strip of road claims the most bridged highway in the state.

SOLD CALF-HIDES

Medora, N. D., June 9.—Charged with killing calves owned by George Gardner, for the sake of their hides, which are said to have been shipped from Medora, Charles and Jack Pesch are in jail here, awaiting trial.

WHEAT CROP TO GO 83,000,000, SAYS UNCLE SAM

June Forecast Indicates Yield Below Average But Much Higher Than in 1916

OATS AND BARLEY SHOW BIG GAIN IN ESTIMATE

All Cereals Except Staff of Life Give Promises of Good Harvests—Prices High

Washington, D. C., June 9.—A summary of the June crop report for the state of North Dakota is as follows:

All Wheat.
June 1 forecast, 83,000,000 bushels; production last year (final estimate), 39,325,000 bushels.

Oats.
June 1 forecast, 70,000,000 bushels; production last year (final estimate), 53,750,000 bushels.

Barley.
June 1 forecast, 34,500,000 bushels; production last year (final estimate), 26,738,000 bushels.

Rye.
June 1 forecast, 12,220,000 bushels; production last year (final estimate), 4,655,000 bushels.

All Hay.
June 1 forecast, 3,440,000 tons; production last year (final estimate), 3,554,000 tons.

Pasture.
June 1 condition, 72, compared with 10-year average of 88.

Prices.
The first price given below is the average on June 1 this year, and the second on June 1 last year.

State—Wheat, 207 and 102 cents per bushel; corn, 117 and 78 cents; oats, 56 and 33 cents; potatoes, 227 and 68 cents; hay, \$5.60 and \$7.20 per ton; eggs, 29 and 16 cents per dozen.

"Robinson Crusoe, Jr., comes to the Auditorium for one night only, Monday, June 11, with Al Jolson. This Winter Garden production played all spring and summer in New York. The 'Robinson Crusoe, Jr.' cast includes Lawrence D'Orsay, Claude Flemming, Frank Carter, Mabel Withee, Kitty Doherty, Alexandra Dagnall, Milla Isabel Rodriguez and the well known vaudeville combinations of Bowers, Crocker and Walters, in addition to many other Broadway favorites, and the far-famed beauty chorus.

Al Jolson has a part greatly to his liking in "Friday." He makes his first appearance as a chauffeur, who accompanies his millionaire employer on a dream visit to the island home of Robinson Crusoe. Friday, as might be expected, is a droll, worthless sort of character, with a strong penchant for getting into trouble even in such an out of the way place. Cannibals, pirates, sprites and weird animals and reptiles aid and abet him in this, affording a decidedly spectacular background.

RAILWAYS MUST BUILD CROSSINGS WHEN ORDERED IN

Two North Dakota Companies Lose Out in Contests Before Supreme Court

Railways must make provision for crossing when any municipality lays out a street crossing the tracks of such common carrier, and where compliance with an order to build such crossing involves an expenditure of money by the railroad company, the latter is not entitled to reimbursement or compensation, ruled the North Dakota supreme court yesterday in settling two important actions. In one the state of North Dakota brought action against the Chicago, Milwaukee & St. Paul to enforce an order of the railway commission for an underground crossing at Marquette. Judge Crawford, in district court, found for the state. The defendant demurred and the supreme court affirmed the finding of the lower, holding that a order issued by the railroad board under section 4732 of the compiled laws of 1913 is not demurrable where it does not appear that the board has exceeded its jurisdiction in making such order.

Ashley Gets Crossing.
The Soo line was defendant in a similar action brought by Ashley. The railway company objected to the opening of a street across its right of way on the grounds that no need for such street existed, and that the village board had exceeded its authority in passing an ordinance extending such street. In the lower court the village won the decision, and the railway company appealed. The supreme court, in affirming the verdict of the lower, holds that village boards have authority to pass ordinances extending streets across a railroad right-of-way, through condemnation or otherwise, and that municipalities may proceed to extend streets in this manner under a general power of appropriation.

The regulatory power conferred upon the railway commissioners, holds the court, does not detract from the power given to village trustees to extend streets across railroad rights-of-way. The question of necessity is legislative rather than judicial, and a village ordinance is competent proof of such necessity.

"Doing" Fairbanks at the Orpheum and Bismarck tonight, in "The American"—it's a scream.

SCOTT A PIGGER BUT NOT FIBBER, SAYS HIGH COURT

Minot Man Wins One Case and Loses Another—Question of Stenographic Notes

Peter Scott of Minot is a pigger but not a fibber, rules the supreme court in handing down two decisions in two important appeals which have been made the subject of one or two of Justice Robinson's Saturday evening letters.

Peter Scott was found guilty of blind-pigging in the Ward county district court at Minot. Then because he had sworn at his trial that he had not pigged, the court had a second action for perjury, found he had lied. Scott appealed from both decisions. The supreme court reversed the lower in the perjury case, while it sustained Ward county in the pigging conviction.

"A single sale," holds the court, "will warrant a conviction under an information for keeping and maintaining a common nuisance by keeping a place where intoxicating liquors are sold as a beverage in violation of the prohibition laws of this state."

COMMENCEMENT WEEK BEGINS IN JAMES COLLEGE

Annual Oratorical Contest Held Last Evening—Postlethwaite Preaches Sunday.

Jamestown, N. D., June 9.—Commencement exercises at Jamestown college began Wednesday evening with an individual vocal recital by Miss Marion Johnson of Cavalier, assisted by Professor Bonney and members of the instrumental department.

Friday evening the Ben Orland and the C. Buck oratorical contest in which nine young ladies took part was held.

This evening the Aletheorian Literary society will hold its open session and present society diplomas to those of its members who are to graduate from college next Thursday.

Sunday morning the Baccalaureate sermon will be preached at the Presbyterian church by Rev. Harry C. Postlethwaite of Bismarck. Sunday evening Rev. T. A. Olson of the Jamestown Methodist church will deliver the annual sermon to the Christian associations.
